### An Introduction to Property Theory by Gregory S. Alexander

Property is a general term for rules governing access to and control of land and other material resources. Because these rules are disputed, both in regard to their general shape and in regard to their particular application, there are interesting philosophical issues about the justification of property.

### Property and Ownership (Stanford Encyclopedia of Philosophy)

Abstract. While Chapter 1 provided the context for the discussion of the civil domestic violence law and its application, this chapter provides the context for the later discussion about the meaning attached to violence by those who use it, and by those who are subjected to it. In particular, it explains the concept of coercive control, distinguishing it from fights, and discusses the ...
