(PDF) ATLAS OF FUNCTIONAL NEUROANATOMY | Victor Hugo ...

After all, the structures of the brain have not changed since the last edition. However, our knowledge concerning the functional aspects of the brain has certainly increased, and this has led to a revised understanding of the brain and its structures. The atlas is primarily a teaching book—for medical students, non-neurology residents, and all the other health professionals who need a solid understanding of the brain—in order to help patients who have neurological problems.
