SmartScreen: Plumbing

SmartScreen is a revolutionary means of screening potential tenants without having to collect any sensitive consumer information. SmartScreen uses a direct connection with TransUnion to have the renter input their own information rather than having to pass it to the landlord who would then pass it to ClearScreening.

SmartScreen Teant Screening for Landlords

The SmartScreen process is just sitting in the background most of the time not using hardly any system resources. You will see that it's using around 0% CPU and only a couple of megabytes of memory in the Task Manager. Sometimes, you won't even see it running as Windows will close the process when it isn't using the feature.
