The Magicians Companion A Practical

The Magician's Companion is a complete collection of practical information on magical systems from around the world that you can add to your magical techniques. The Magician's Companion makes ancient systems accessible, understandable, and useful to modern magicians by categorizing and cross-referencing the major magical symbol systems. In fact, as a cross-reference, it is simply beyond compare.

The Magician's Companion presents these systems or models in numerical order, each model being listed by the number of symbols that comprise it. This comprehensive book discusses and compares over 35 magical models ranging from Model 0 (concerning nothingness) to Model 91 (a description of the Enochian watchtowers and the 91 Enochian subaethyrs).

If you have been involved with the practice of magic for some time, chances are you have lots of books on a variety of subjects: books on Enochian, astrology, the Qabalah, the chakras, the runes, and many more.

The Magician's Companion: A Practical and Encyclopedic ...

The Magician's Companion. People tend to perceive the world in the light of their beliefs, attitudes, and knowledge, their "models" of reality. These models, or world views, affect how we are able to interact with the world around us. Our world changes as we change how we perceive it. In a sense, we create our reality each moment through our beliefs and how we symbolize
