OpenLibrary is a not for profit and an
open source website that allows to get
access to obsolete books from the
internet archive and even get
information on nearly any book that has
been written. It is sort of a Wikipedia
that will at least provide you with
references related to the book you are
looking for like, where you can get the
book online or offline, even if it doesn't
store itself. Therefore, if you know a
book that's not listed you can simply add
the information on the site.
